

Audience

Science AST's

Key stage

KS3/KS4

Aims

- * to disseminate information about the latest initiatives within science
- * to share practice between participants
- * to review new documentation and resources

Description

This support meeting is for science AST's. It will provide an opportunity to share good practice, experiences and discuss issues relating to local and national developments. This meeting will count towards outreach targets and there will be no charge for Cambridgeshire AST's.
