Dear Colleagues,

This conference is suitable for all **Governors, All Headteachers and all Educators in Thurrock, Essex, Southend and East London Boroughs.**

“Community Cohesion through International and Global Dimensions”

Guest speakers – Andrew Mackinlay (MP) and John Rolfe (British Council)

I am writing to inform you that Chafford Hundred Campus achieved the International School Award in November 2007. Since then, we have continued to carry out whole-school events to celebrate and develop the international dimension in order to enrich our school life.

We have decided to organise a conference for the Thurrock / Essex teaching community this year. The conference, we hope, will enable educators to consider how a global dimension can impact profitably on the life, well being and ethos of a school. It will provide practical ideas and guidance for embedding internationalism across the curriculum and for developing overseas school partnerships. The conference is free, but donations to Chafford Hundred Campus (International Dimension fund written at the back of the cheque) will be highly appreciated.

- Fifty schools will receive a **FREE** copy of “How do we know its working? A toolkit for measuring attitudinal change in global citizenship from early years to KS5” This is packed full of global citizenship ideas, activities and resources that are practical, challenging and engaging.
- It would be really lovely if you could, please wear a traditional costume to depict cultural diversity and internationalism.
